

Dr. Bruce Wilkinson spoke at our banquet in September 2011. It was nothing short of amazing! The hearts of our donors were deeply impacted by Dr. Wilkinson's powerful message. No other speaker has so clearly and passionately communicated God's heart for the unborn and advocated so strongly for the work of pregnancy centers. Dr. Wilkinson's ask was bold and specific, and God's people responded in obedience. What excites me the most is seeing how God used this banquet experience to increase the faith of our entire organization. I would strongly encourage other pregnancy centers to partner with Bruce Wilkinson Ministries for their fundraisers. We have already booked the Great Turnaround for 2012 and I can't wait to see what else God has planned for HPC!
